An aerial photograph of a construction worker on a flat roof. The worker, wearing a high-visibility orange vest and dark pants, is bent over, working on a section of the roof. A red gas cylinder with orange hoses is positioned nearby. The roof surface is made of large, light-colored concrete slabs. A dark, rectangular structure, possibly a skylight or vent, is visible on the right side of the roof. The text "The Roofing Experts" is overlaid in a large, white, sans-serif font on a dark rectangular background in the lower half of the image.

The Roofing Experts

Easily move waste from the Power Buggy into the Trash Hopper

Compatibility with existing ASE products makes it easier to move and unload waste from the rooftop.

NOTE: All accessories are sold separately. Please view the attachments below for more details.

Safety Trash Chutes System

Hopper

Trash Chute

Trash Chute - Frame System 108000 (No Hoist) 108002 (With Hoist System)

- The support frame is equipped with safety fences.
- The frame is easily disassembled.
- The frame is wide enough to allow the ASE Power Buggy to be driven close enough to pour contents into the chute hopper.
- Counterweight trays can hold up to 16 x 50 lbs. weights in each tray.
- Can install a total of 32 counterweights. (16 per tray)
- Frame equipped with telescopic hopper support legs.
- Upon raising the chute system to be put into place, the support legs on the exterior part of the frame can be retracted to allow the chute hopper to be put into place.
- After the hopper is in place, the legs can then be extended once again to support the weight of the hopper and lock it into place.

Trash Chute - 30" Diameter Chute Section 108008

- Chute system capable of handling up to 100ft of 30" diameter chute
- Chute section 30" diameter.
- Metal hopper complete with side walls.

Trash Chute - Hoist System 108004 (Hoist Frame Only)

*Note - Hydraulic Power Pack and Winch is NOT include with purchase of base

The Trash Chute Hoist System features 2 options:

1. Hoist system with manual-control winch.
2. Hoist system with ASE 1000 hydraulic hoist winch with power pack can be installed to assist in raising chutes.

108000	Frame System Only	\$3,360
108002	Frame System C/W Hoist and Hand Winch	\$5,125
108010	Frame System C/W Hoist and Hydraulic Winch Base	\$6,620

108006	Hopper Only - Complete	\$1,430
108008	30" Diameter Chute Section	\$280
108630	Hoisting Bar C/W Swivel Hooks	\$300

Hoist Systems

One of All Seasons Equipment's flagship hoists and oldest selling products.

2000 Single Line Swing Hoist System

102103 Gas 102107 Electric

A stronger, more capable swing arm with 2 different options available for power pack. A must-have for those bigger on-site jobs.

- Highest Capacity in the Industry: 2000 lbs on a single line
- Honda Engine – Dependable and Powerful
- Hydraulic System for Smooth Operation
- Left or Right Swing Option Without Extra Pieces
- Detached Power Unit for Optimal Positioning
- Double Brake for Maximum Protection
- Hoist Frame Breaks Down Into 8 Pieces for Portability
- Height Of Swing 153" – Reach Of Swing: 60"

102103: \$19,950

102107: Call for price

Counterweights are to be used at a 1 to 1 ratio. I.e.: Lifting 2000lbs requires 2000lbs of counterweights.

Hoist Wheels are NOT included and must be purchased separately.

Gas Power Unit

102127 This Power Unit is included in the purchase of the ASE HSH2000.

\$10,290

Electric Power Unit

102130 Allows for smooth, low noise and low maintenance operation.

Ground Base

102120 Ground base only 102118 Power Pack + Winch Only

102120
\$1,270

102118
\$14,600

Specifications

Power Requirement for Electric	208-230 Volt
Capacity With 200 ft. Cable	2000 lbs.
Cable Capacity Of Winch	500 ft.
Cable Size	5/16"

Standard Cable Length	200 ft.
Max Lift Speed	200 FPM
Height Of Swing	153"
Reach Of Swing	60"

Counterweight are to be used at a 1 to 1 ratio. I.e.: Lifting 2000lbs requires 2000lbs of counterweight.

Hoist Wheels are NOT included and must be purchased separately.

Prices subject to change without notice. Transport fees not included

1000

Hydraulic Swing Hoist

Portability, ease-of-use, with a smooth hoisting experience and great power for its size

The 1000 Hydraulic Swing Hoist features:

- Powerful Hydraulic System and fingertip control allows for precision and ultra smooth load control.
- Detached power unit with 10 ft. hoses permits the operator to control the hoist in the optimal position.
- Safety system is backed by a double brake ensuring maximum protection
- Hoist frame breaks down into 7 pieces for maximum portability (fits in a freight elevator).
- 1/4" hoist cable (Meets OSHA requirements).
- Two-way hoist swings

1000 Power Unit

Product Code: 202992

\$7,300

Product Code: 102100

Counterweights must always be used. Minimum one times the weight being lifted is recommended. Counterweights sold separately.

\$14,630

Specifications

Engine Type	9 H.P. Honda
Capacity With 150 ft. Cable	1000 lbs.
Cable Capacity Of Winch	150 ft.
Cable Size	1/4"
Max Lift Speed	160 FPM
Height Of Swing	115"
Reach Of Swing	56"
Hoist Weight	750 lbs.

Counterweights are to be used at a 1 to 1 ratio.

I.e.: Lifting 1000lbs requires 1000lbs of counterweights.

Hoist Wheels are NOT included and must be purchased separately.

102 011 Counterweight (50lbs) \$157

All Seasons Equipment's flagship hoist.

300 Hand Swing Hoist.

Product Code: 102004

The quickest way to hoist lightweight materials and equipment with the convenience of a Swing Hoist.

- A swing boom that can be set up to swing either left or right.
- A lever locking system for the swing boom.
- 12" Gin Wheel and Counterweights not included. Needs 2 to 1 counterweight ratio.

Capacity: 300 lbs.

Weight:

75 lbs - Rear counterweight

64 lbs - Vertical Boom

24 lbs - Swing Boom

\$1,560

An essential attachment for manual hoists

102005: 12" Gin Wheel

\$200

300 Hand Hoist

Product Code: 102001

- Consists of one A-frame and Main Boom.
- 12" Gin Wheel and Counterweights not included. Needs 2 to 1 counterweight ratio.

Capacity: 300 lbs.

Weight: 96 lbs.

\$1,100

Dump Tray

Product Code: 102019
Single lift hook and swivel dump.
Weight: 120 lbs.
Dimensions: 31" x 30 1/2" x 13 1/2"

\$950

800 lbs Gravel Bucket

Product Code: 102013
Single lift hook and bottom dump gate.
Weight: 110 lbs.
Dimensions: 30.5" x 30.5" x 26.5"

\$1,230

1500 lbs Gravel Bucket

Product Code: 102014
Single lift hook and bottom dump gate.
Weight: 238 lbs.
Dimensions: 34" x 34" x 48"

\$1,730

Hoist Forks

Used for hoisting pallets, insulation, rolls and other materials. Forks have a swing-out retaining brackets.

102018: 800 lbs
Throat: 48"
Weight: 75 lbs
Size: 36" x 25" x 55"

102017: 2000 lbs
Throat: 66"
Weight: 130 lbs

\$715

* The HydraLift attachment is used on 105608
(The Hydraulic Dual Valve Power Buggy)

Bucket Attachment - Standard

105800

The standard bucket attachment for the Hydraulic and Mechanical Power Buggy.

\$1,010

Gravel Spreader Attachment

105801

An attachable unit that evenly spreads gravel along the rooftop.

\$1,260

55 Gal. Insulated Tank Attachment with Draincock

103326 Tank With Draincock

\$1,910

105804 Rods and Channel

\$225

Weight: 75 lbs. Used to transport and dispense hot asphalt on rooftops.

Fork Attachment

105802

Weight: 40 lbs. Used to carry various roofing material.

\$525

On-Deck Equipment

The roofers' favorite tool brand.

With a reputation for durability, plenty of power options and an affordable price point - there's no better choice than All Season Equipment!

Wheelbarrow

103420 Standard Wheels	\$555
103425 Flat-Free Wheels	\$555
103430 Large Wheels	\$655

Front Roll Plate protects the Roof. Optional large 18 x 8.50 Wheels for easier movement over large rock.

Hoistable Hot Lugger

103330 Standard Wheels	\$3,450
103331 Flat-Free Wheels	\$3,450

- 4 - 4.80 x 4.00 Stable tires, easy to push, with a braking system that can hold on low pitch roofs.
- 2 1/2" Draincock included.

55 Gallon Insulated Tank

103326 With Drain Cock	\$1,910
103325 Without Drain Cock	\$1,570

- The ideal method of transporting hot asphalt across any roof deck.
- It quickly and easily attaches to your Hoistable Hot Lugger, Utility Carrier, Power Buggy or 4 Wheel Trailer with channels and rods.

Mini Mopper

103201 39,5" Metric Style	\$985
103202 Metric Style Flat Free	\$985
103200 48" Style	\$1,050
103203 48" Flat Free	\$1,050
103205 Mini Mopper Strainer	\$100
Light-weight dispenser. Coverage can be varied by removing any number of hole bolts.	

3 Wheel Utility Carrier

103025 Standard Tires 103026 Flat-Free Tires

Has the ability to transport a 55 Gallon Insulated Tank.

\$1,270

36" Manual Gravel Spreader

103150 Standard Wheel 103152 Flat-Free Wheels

Adjustable gate to spread different thicknesses of pea gravel.

\$1,220

24 US Gallon Mop Carrier

103225 Standard Wheels	\$770
103226 Flat-Free Wheels	\$770

Ideal for hand mopping. Has built in wind breaker / splash guard.

Insulation Fork On Wheels

103125 Standard Wheels	\$785
103127 Flat-Free Wheels	\$905
103135 Forks on Wheels w/Swivel	\$1760

Great for moving around palletized materials easily on roofs. 18 x 850 wheels distribute the weight over a wide area to prevent roof damage.

4 Wheel Trailer

103001 Standard Wheels	\$1,375
103003 Flat-Free Wheels	\$1,800

Moves 2000 lbs. 18 x 850 tires for stability. Standard drop handle brake

Super Tearoff Bar

103300 Simply jam the blade under the old roof and push down. Equipped with 6" wheels and hardened blade.

\$480

Propane Cylinder Carrier

103040 Standard Wheels (Only for 1 cylinder)
103041 Flat-Free Wheels holds 100 lbs cylinders. Chains hold cylinder firmly in place. 2 large 4.80 x 4.00 x 8 Wheels for easy movement.

\$600

Dump tray Attachment Only

103005 Moves more debris and materials in less time. Bolted directly to the standard 4 Wheel Trailer bed. No special tools required.

\$2,260

Tuff Jack Material Mover

- Single rear swivel allows the wheel a turning radius of 38".
- Handle acts as a tow hitch for transporting behind ASE's SS16 Cheetahs, Hydraulic Power Buggies or other rooftop vehicles.
- Integrated hydraulic tank provides stronger pump base and lessens the chance of tank damage.

Product Code 103401

Lifting Capacity	2500 Lbs (4ft Long Skids)
	800 Lbs (8ft Long Skids)
Wheel Dimensions	Front: 20" x 10"
	Rear: 18" x 8.50"
Fork Dimensions	4ft: 2 ½" x 2 ½" 8ft: 1 ¾" x 1 ¾"
Fork Opening	26"
Throat Opening	55"
Weight	650 lbs.
Dimensions	94" x 80" x 36"

Wheel Weight Displacements			
Without Load		Load of 2500 lbs.	
Front Wheels:	166 lbs (Each)	Rear Wheel:	318 lbs
Front Wheels:	1229 lbs (Each)	Rear Wheel:	692 lbs.

\$8,450

Motorized Tuff Jack Material Mover

NEW MOTORIZED TUFF-JACK MATERIAL MOVER

103403

The easy way to move materials around a job site. The **ASE Tuff-Jack material mover** allows the operator to transport entire pallets of materials.

NO TOWING REQUIRED!

When used with the ASE 2000 Single Line Hydraulic Swing Hoist, the materials for your job can be loaded and positioned around the roof in record time.

\$12,500

North American Leader in Manufacturing Roofing Equipment

CONTROL ON ARMS

Precise control arm feature that allows for easy forward and reverse movements, as well as lifting and lowering of loads. This feature makes it the perfect choice for any material movement application.

SWIVEL MOTOR

A swivel motor feature that is powered by a strong hydraulic motor and motion control valve. This combination allows for precise and smooth handling, offering the highest level of performance for roofing applications.

ENGINE & PUMP

Outfitted with a robust 5.5HP Honda Engine and a powerful hydraulic system to ensure efficient operation. This combination delivers superior performance, offering improved accuracy and control while moving materials.

EXTENDABLE FORKS

Sliding out fork extension allows for 8ft long skids to be lifted with ease. The forks also have a 32" maximum height.

SPECIFICATIONS

Lifting Capacity

- 2500 lbs. (4ft Skid)
- 800 lbs. (8ft Skid)

Asphalt Kettles

From their heavy-duty schedule 40 blast tubes to their thick inner and outer skins, ASE kettles have a well-earned reputation as high production asphalt kettles that last.

U.S. Lid available

160 US Gallon Patch Kettle (Towable)

The perfect kettle for small repair jobs.
Short heat up time and small physical size.

Product #:	101104
Weight:	1350 lbs
Capacity:	160 US Gallons
Dimensions:	120" x 64" x 48"
Optional:	Emission Control System
Usable Capacity	100 US Gallons

\$12,215

Standard Features

- 9 H.P. Honda Engine
- 2" Viking Pump 80 GPM (Submerged) Quick-acting Flow Control Valve System 30ft. Propane Hose
- Draincock: 2 1/2" Steel Pipe (Not cast) Heavy Duty Channel Frame
- Heavy Duty Fenders
- Electric Brakes on all Axles
- Pintle Hitch
- 12 Ply Truck Tires
- Hinged, Lockable Engine Cover
- Jack Leg
- 7 Pole Round Lights Connector

Options

- Emission Control System
- Clevis Pin Hitch
- Ball Hitch
- 6 Pole Round Lights Connector
- Tool Box on Canadian Kettles

Safety Equipment

Guard Rail System

- Section off the job site into zones to easily organize work and personnel.
- Warn workers of impending dangers such as hazardous materials or falls.
- Disassemble and relocate Guardrail sections quick and easily.
- Conforms with OSHA regulations.

107100	Rail System - 5 ft.	\$480
107101	Rail System - 7.5 ft.	\$520
107102	Rail System - 10 ft.	\$548
107107	Based Only + Pins	\$316
108012	Rail Only - 5 ft.	\$165
108014	Rail Only - 7.5 ft.	\$205
108016	Rail Only - 10 ft.	\$232

* A rail system includes only 1 rail and 1 base.

Perimeter Safety Products

107010 Base Transporter

A 2 wheeled dolly that is equipped with 400 x 4.80 wheels to move guard rail bases easily.

- Lightweight and easy to transport 110lbs carrying capacity
- Simplistic fulcrum mechanism.
- Protect workers' health and wellbeing.

\$544

READY TO USE

One of its kind with no counterweight required.

Leave it on the roof for easy maintenance, all year long!

HERCULES Mobile anchoring system

Durable, portable, safe and easy to operate by a single person.

861000 Hercules Anchoring System

A mobile anchoring system for protection against height falls, designed for flat roofs and similar structures, that maximizes productivity, safety and ease of use through innovative design and advanced features.

ANSI	Z359.18-2017

Suitable for the following types of roofs

Built-up asphalt and gravel, Modified bitumen system., Single-ply system such as fully adhered TPO, PVC, EPDM, Elastomeric membrane, and Wood (deck), mechanically fixed plywood.

Labor Savings: FallBan allows "Roofers" to stay fully focused on the job at hand, without having to dodge lanyards or be restricted by harnesses. We have found eliminating the need for workers to be tied off greatly increases productivity on the roof. For many years the FallBan system has been the preferred choice, for its ease of use, multiple configurations, and efficiency. Now, FallBan 2 offers a rail, cable, or hybrid-rail/cable barrier system with the same benefits as the previous cable-only system.

OSHA, SOR, and USACE compliant, fast and easy setup, and 100% approval by safety inspectors for over 15 years.

FallBan, the right choice.

ELECTRIC HOT AIR WELDING TOOL

CAT. NO. 2020E - CAT. NO. 2023E

Ideal for welding, heating, forming, or shrinking all types of materials (plastic, zinc, etc.), the electric hot air welding tool (Cat No. 2020E or Cat. No. 2023E) is a handy and easy-to-use tool.

Efficient, it can reach a temperature up to **600 °C / 1112 °F** and has a **1600 W** heating capacity.

Easy to handle with its **3 meters / 9.84 ft** of electrical cable.

Fast set up, it is operational in less than 3 minutes and features an automatic cooling system with delayed shutdown for safe power-off.

Comfortable handling thanks to its non-slip surface coating.

Equipped with a storage and transport case, the electric hot air welding tool (Cat. No. 2020E or 2023E) follows you on all your worksites.

AMPED EQUIPMENT

Call for price

Amped Equipment is the leading manufacturer of mobile roofing spray systems. Proudly made in the USA, these carts increase productivity & profitability. If time is money, why not save both with Amped Equipment?

Carlisle Approved Mobile Roof Sprayer - Carries and Dispenses 55-Gallon Drum 2-part Adhesives. The P55 has a one-of-a-kind patented design that is fully self-contained, providing safe electric drum loading.

FEATURES:

- Custom OEM Graco Reactor
- Run 55 Or 15 Gal Drums
- Electronic Drum Loading
- Hose Racks
- Variable Speed & Pressure
- Extra Large Lockable Cabinet

Carlisle Approved Mobile Roof Sprayer for 2-part Adhesive Applications with 15 Gal. Drums, Jugs, or Boxes. The PJR is the #1 spray cart in the industry for good reason. It is the most cost-effective spray foam system of its kind, paying for itself after one medium size job

FEATURES:

- Custom OEM Graco Reactor
- Variable Pressure up to 2000LBS/1.5 GPM
- Up to 160 ft of Hose
- 18x850 Flat Free Tires
- Online Video Instructions

COMPATIBLE PRODUCT:

15 Gal Drums
Bag in a Box
5 Gal Jugs

The VA1 SP is an Air-Purge Manifold Spray Gun for applying two-part A+B roofing adhesives, that allows you to do any application with one gun, including Static Bead, Splatter/Spatter, Full Spray, Air Purge and more. This plural component applicator is self cleaning and designed for use with The PJR Roof Spray Cart.

- The worlds first and only self-cleaning two-part spray adhesive applicator
- Spray multiple bead patterns with a single gun simultaneously
- Spray faster and longer thanks to the lightweight, ergonomic design
- More accurate and specific spray pattern application control
- Padded, Comfort Fit Manifold Handle and Forearm Cuff
- Tip attachment retrofits to standard Vee-Manifold

ULTIMATE V-Manifold 2-Part adhesive splatter, bead, spray applicator for roofing. The patented V-Manifold is constructed with simple straight flow paths to allow a free flowing stream of liquid components for 2 part adhesive application. Straight flow paths allow for less down time. No need to disconnect hoses to restore flow interruption. Fewer mixing tip changeouts.

- GOLD MACHINED ALUMINUM BODY: Precision machined for effective use
- SPLIT YOKE HANDLE: Quick polyol purge to prolong tip use
- YOKE LOCK: Prevents accidental run out
- AIR QUICK CONNECT: Bloplet spatter dispensing
- 3 GREASE FITTING: Prevents clogging of all 3 channels
- FOREARM CUFF: Provides accurate control

Amped Equipment is the leading manufacturer of mobile roofing spray systems. Proudly made in the USA, these carts increase productivity & profitability. If time is money, why not save both with Amped Equipment?

FLIP

Use One Cart to Spray 2-Part Adhesives like the PIR or FLIP to Hang 5 for Single-Ply Adhesive Application. Apply single-ply adhesive or 2-part low-rise foam adhesive with ONE mobile sprayer - the new "FLIP" cart from Amped Equipment. Roofers can now do single-ply and plural component adhesive applications with a single unit called the "FLIP" cart from Amped Equipment.

- PIR OEM Graco Reactor
- 50' 2-Hose Bundle at 3/8"
- PIR Vee Manifold Static Gun
- 20 Static Mixing Nozzle Tips
- A+B (2) 10 ft. Whip Hoses at 3/8"
- MADE IN THE USA!

Easily switch between the Flip cart and the Hang 5

The Hang 5 is a Mobile Battery Powered Single-Ply Adhesive Sprayer. Revolutionary, new, lithium battery-powered spray cart for applying single-ply roofing membrane adhesives. The HANG 5 sprays with five battery-operated nozzles at a 5-foot width for even coverage of 500 square feet per minute, or 1000 square feet per minute with a second bar attached. An on-board integrated cleaning system allows the HANG 5 to air-purge with the press of a button, cleaning all of the spray nozzles and hoses simultaneously. This one-of-a-kind patented design allows for fast, simple mobile application of single-ply adhesives.

- Coverage: 500-1,000 Square Feet Per Minute with 2nd Bar Attached
- Power: Lithium Battery Powered
- Setup: Quick, Simple, and Easy!
- Self Cleaning: Integrated On-Board Cleaning System Cleans Hoses and Nozzles with Push of a Button!
- Self-Contained Control Box
- Run Time: 2 hours of continuous run time with single 5' bar or 1 hour with 10' bar on a fully charged 20v or 24v Lithium-Ion Battery.
- Made in The USA

911150	- Pulleys - MB 50 x 3/4"
911151	- Pulleys - MB 50 x 1"
911170	- Pulleys - MB 70 x 3/4"
911171	- Pulleys - MB 70 x 1"
911191	- Pulleys - MB 90 x 1"
911197	- Pulleys - MB 97 L

Sprockets, Chains & Couplings

P910012 - Chain - #40 Per Foot
910100 - Chain - #40 Full Chain Link
910101 - Chain - #40 Offset Link
910111 - Chain - #50 Per Foot
910110 - Chain - #50 Full Chain Link
910109 - Chain - #50 Offset Link
911300 - Sprocket - 40B12 x 1"
911302 - Sprocket - 40B13 x 1"
911303 - Sprocket - 40B14 x 1"
911304 - Sprocket - 40B17 x 3/4"
911305 - Sprocket - 40B17 x 1"
911306 - Sprocket - 40B22 x 1"
911308 - Sprocket - 40B26 x 1"
911310 - Sprocket - 40B40 x 1"
911322 - Sprocket - 40A45
911324 - Sprocket - 40A50
911329 - Sprocket - 50A13 Double - Splined
911326 - Sprocket - 50A40 (Differential)
911330 - Sprocket - 50B12 x 1"
911331 - Sprocket - 50B13 x 1 1/4"
911335 - Sprocket - 50B13 x 1 1/2"
911333 - Sprocket - 50B24 x 1"
911341 - Sprocket - 50C24 x 1 1/2"
911351 - Couplings - 4016 - Chain Only
911355 - Couplings - 4016 - Comp 1" x 5/8"
911350 - Couplings - 4016 - Comp 1" x 1 1/8"
911349 - Couplings - 4016 - Connector Link
911352 - Couplings - 4016 - Sprocket 1"
911353 - Couplings - 4016 - Sprocket 5/8"
911354 - Couplings - 4016 - Sprocket 1 1/8"
911342 - Couplings - Jaw - 5/8"
911344 - Couplings - Jaw - 1 3/8"
911346 - Couplings - Urethane Spider

Bearings

911200 - Pillow Block - 2 Hole - 3/4"
911202 - Pillow Block - 2 Hole - 1"
911204 - Pillow Block - 2 Hole - 1 1/4"
911206 - Pillow Block - 2 Hole - 2 1/4"
911210 - Flange - 2 Bolt - 1"
911211 - Flange - 2 Bolt - 1 1/4"
911212 - Flange - 4 Bolt - 1 1/2"
911220 - Flangette - SB205 - 1"
911221 - Flangette - SB205 - 1" - Bearing
911225 - Pin Bearing - 2" Long x 1" Bore
910300 - Wheel Insert - Oilite - 1"
910301 - Wheel Insert - 3/4"
910302 - Wheel Insert - 5/8"

Safety Pins

910405 - Hitch Pin - 3/16"
910420 - Spring Lock Pin - 5/16" x 1 3/8"
910421 - Spring Lock Pin - 5/16" x 2 1/2"
910422 - Spring Lock Pin - 3/8" x 2 16/2"
202631 - Track Pin - Short
202632 - Track Pin - Long
